Nissan Chemical Industries, Ltd.

Press release on the extension of License Agreement with Brewer Science

We inform that Brewer Science, Inc. and Nissan Chemical Industries, Ltd. announced the extension of License Agreement concerning ARC® technology as attached file.

ARC® is registered trade mark of Brewer Science, Inc.

ARC® anti-reflective coatings, or hard-mask materials, are used beneath photoresist. More specifically, BARC, multi-layer, under-layer for EUV, and EB are ARC® coatings.
