Nissan Chemical Industries, LTD. Joins UN Global Compact

Nissan Chemical Industries, Ltd. considers that the corporate philosophy “We contribute to society in harmony with the environment, based on our excellent technologies, products and service” is the basis of our business activities. To enhance our CSR activities, we became a participant in the United Nation Global Compact (UNGC) in April 2018.

UNGC is a voluntary initiative in which corporates and collectives act as good members of the society and participate in the creation of a global framework for achieving sustainable growth by demonstrating responsibility and creative leadership.

We support the 10 principles advocated by the United Nations in the four fields of human rights, labor, the environment and anti-corruption, and will continue to make efforts to realize them, thereby contributing to the sustainable development of society.

10 Principle of UNGC

Human rights	Principle 1	Businesses should support and respect the protection of internationally proclaimed human rights
	Principle 2	Make sure that they are not complicit in human rights abuses
Labor	Principle 3	Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining
	Principle 4	The elimination of all forms of forced and compulsory labour
	Principle 5	The effective abolition of child labour
	Principle 6	The elimination of discrimination in respect of employment and occupation
Environment	Principle 7	Businesses should support a precautionary approach to environmental challenges
	Principle 8	Undertake initiatives to promote greater environmental responsibility
	Principle 9	Encourage the development and diffusion of environmentally friendly technologies
Anti-Corruption	Principle 10	Businesses should work against corruption in all its forms, including extortion and bribery
