

Integrated Report 2020

Nissan Chemical
CORPORATION

To Our Stakeholder

KINOSHITA Kojiro
President & CEO

Where it all begins

The global spread of COVID-19 is greatly changing society and the economy. At the same time, various social issues, such as health issues, climate change, and food issues are on the increase, threatening the sustainability of society.

Our company was founded as Japan's first chemical fertilizer manufacturer to solve food issues which Japan faced in 1887 under the founding spirit "to dedicate ourselves to prosperity of the nation by agricultural fertility." The pioneering spirit has been still very much alive at Nissan Chemical as we have continued putting effort into innovative technologies and projects that promote social progress, greatly transforming our business operations.

We currently provide products and services on a global scale in four business domains (Chemicals, Performance Materials, Agricultural Chemicals, and Pharmaceuticals) for realizing our corporate vision of the new era based on ESG (Environment, Social and Governance) and SDGs (Sustainable Development Goals) established by the United Nations.

As a Future-Creating Enterprise that Responds to Social Needs with Unique, Innovative Technologies, we will continue to aim for synergistic development with society.

Mission Statement (Our Values)

"Contribute to society with excellent technologies and products."

"Promote prosperity and welfare through concerted efforts to constantly develop new areas."

"Respect people who exhibit a sense of responsibility, originality and motivation."

Corporate Philosophy (Corporate Purpose)

We contribute to society in harmony with the environment, based on our excellent technologies, products and services.

Corporate Vision

A corporate group that contributes to human survival and development.

Business Model

Future-Creating Enterprise that Responds to Social Needs with Unique, Innovative Technologies.

Basic CSR Policy

- (1) Conduct sensible business activities as a member of the international community in compliance with laws and regulations.
- (2) Enhance corporate value by providing safe and useful products and services.
- (3) Strive to achieve no-accidents & no-disasters and protect the global environment.
- (4) Disclose information appropriately with a focus on communication with stakeholders.
- (5) Create a cheerful and pleasant workplace by respecting the individuality and personalities, and promoting health of employees.
- (6) Conduct ourselves as good corporate citizens and decent members of society.

Editorial Policy

In 1992, we introduced responsible care activities, and have disclosed the details of these activities via Environment and Safety Report from 1999. The Report transformed into CSR Report in 2013 and Annual report in which business overview and financial section were included since 2016. Since 2018, we have included the materiality, process of value creation, and detailed financial information in addition to the business overview, E (Environment), S (Social), and G (Governance) information to make this integrated report easier to understand creating mid- to long-term value of Nissan Chemical Group to all stakeholders, including shareholders and investors.

We aim to make this report as a valuable communication tool by deepening our business activities and enhancing the content of the report.
