

Notice of Acquisition of All Shares of Thin Materials AG

July 16, 2013

Nissan Chemical Industries, Ltd.

Nissan Chemical Industries, Ltd. (Head Office: Chiyoda-ku, Tokyo; President: Kojiro Kinoshita) announces that it acquired all shares of Germany's Thin Materials AG (hereinafter "TMAT") on June 28, with the aim of ensuring the continued growth of its semiconductor materials business.

With the market for 3D packaging materials is expected to grow in the field of semiconductor materials, Nissan Chemical Industries will adopt TMAT's advanced processing and material development technologies for 3D packaging in a bid to accelerate the development of materials tailored to customers' needs.

The impact of this acquisition on our FY2013 financial performance is expected to be minimal.

[TMAT's Corporate Profile]

- (1) Company Name: Thin Materials AG
- (2) Business: Development of 3D packaging processes and materials
- (3) Head Office Location: Munich, Germany
(in the premises of Fraunhofer-Gesellschaft, FhG)
- (4) Representative: Dr. Franz Richter
- (5) Year of Establishment: 2007
