Announcement of COVID-19 infection in our company

Nissan Chemical Corporation (Head Office: Chuo-ku, Tokyo; President: KINOSHITA Kojiro; hereafter “Nissan Chemical”) regrets to announce that one employee (hereafter “the employee”) contracted COVID-19. The employee works at Nissan Chemical’s Head Office (Chuo-ku, Tokyo; hereafter “the relevant site”).

On November 5th the employee started feeling sick and visited a medical institution. On the afternoon of November 6th the employee tested positive for COVID-19 and informed Nissan Chemical. At present the employee is quarantined at an accommodation designated by the public health center and is in a stable condition.

Nissan Chemical assigns two employees who are identified as close contact by the public health center to standby at home, and is monitoring their health status.

Three employees stated above have worked inside the relevant site basically.

Nissan Chemical, especially its COVID-19 response headquarters headed by CRO, will continue to take appropriate actions based on government policies and others.

The relevant site reopens from November 9th after the disinfection of the employee’s work area is finished with a vendor on November 8th.

The other offices and Plants of Nissan Chemical are operating as normal with enhanced measures to prevent COVID-19. In addition, as a result of the cooperation with various related parties, this incident has no impact on our business.

Going forward we will continue to work to prevent the spread of COVID-19 placing top priority on safety of our employees and business partners. We would like to ask the understanding of all those involved in this endeavor.
