**Announcement of COVID-19 infection in our company**  
**(Subsequent announce of 11/9)**

Nissan Chemical Corporation (Head Office: Chuo-ku, Tokyo; President: KINOSHITA Kojiro; hereafter “Nissan Chemical”) regrets to announce that one employee (hereafter “the employee”) contracted COVID-19. The employee works at Nissan Chemical’s Head Office (Chuo-ku, Tokyo; hereafter “the relevant site”).

The employee was one of the close contacts, which Nissan Chemical announced in the News Release on November 9<sup>th</sup>. On November 10<sup>th</sup> the employee tested positive for COVID-19 instructed by the public health center and informed Nissan Chemical. The employee is feeling fine and is asymptomatic up to the present. The other of the close contacts had a negative result. The employee has worked from home / stood by at home since November 5<sup>th</sup>. No employee is identified as close contact with the employee by the public health center.

The employee has worked inside the relevant site basically.

Nissan Chemical, especially its COVID-19 response headquarters headed by CRO, will continue to take appropriate actions based on government policies and others.

The relevant site reopens from November 9<sup>th</sup> after the disinfection of the employee’s work area is finished with a vendor on November 8<sup>th</sup> as already announced.

The other offices and Plants of Nissan Chemical are operating as normal with enhanced measures to prevent COVID-19. In addition, as a result of the cooperation with various related parties, this incident has no impact on our business.

Going forward we will continue to work to prevent the spread of COVID-19 placing top priority on safety of our employees and business partners. We would like to ask the understanding of all those involved in this endeavor.
