Announcement of COVID-19 infection in our group company (NCK Co., Ltd.)

Nissan Chemical Corporation regrets to announce that five employees*¹ (hereafter “the Employees”) of our Korea subsidiary, NCK Co., Ltd. (Head Office: Pyeongtaek-si, Gyeonggi-do; President: KIM JUN-SOO; hereafter “NCK”) contracted COVID-19. The Employees work at Head Office of NCK (hereafter “the Relevant Site”). NCK, in cooperation with Corporate Planning Department and Performance Materials Division of Nissan Chemical Corporation, took appropriate actions based on government policies and others immediately. The assigned other employees who were identified as close contacts of the Employees by the public health center standby at home, and their health status have been monitored by NCK*².

*1 Two employees informed NCK on June 10th and three employees did on June 11th.

*2 Close contacts tested negative for COVID-19 on June 12th.

The Employees’ work area in the Relevant Site was disinfected thoroughly by a vendor on June 10th. The Relevant Site is operating as normal with enhanced measures to prevent COVID-19. In addition, as a result of the cooperation with various related parties, this incident has no impact on our business.

Going forward our group will continue to work to prevent the spread of COVID-19 placing top priority on safety of our employees and business partners. We would like to ask the understanding of all those involved in this endeavor.
