## Recognized with CDP Water Security “A” Score, the Highest Rating

Nissan Chemical Corporation (Head Office: Chuo-ku, Tokyo; Representative Director, President and COO: YAGI Shinsuke) announces that we has been recognized for leadership in corporate transparency and performance on water security, earning a place on CDP’s Water Security “A List” in the 2025 assessment conducted by CDP which is the global environmental non-profit organization for environmental information disclosure.

CDP operates the world’s only independent environmental disclosure system and assesses thousands of companies each year. In 2025, nearly 20,000 companies were scored, out of more than 22,100 reporting through CDP’s platform. Achieving an ‘A’ score places the Company among the global leaders demonstrating comprehensive disclosure, mature environmental governance, and meaningful progress towards environmental resilience.

Based on our corporate philosophy "Contribute to the protection of the global environment and the existence/development of humanity, offering the value sought by society", we will contribute to the sustainable development of society by further enhancing and strengthening our ESG initiatives through our business activities.
