**Notification Regarding the Establishment of New Subsidiary  
in Republic of India**

Nissan Chemical Industries, Ltd. (head office: Chiyoda-ku, Tokyo; president: Kojiro Kinoshita , hereinafter called “Nissan Chemical”) announces today that its subsidiary, NISSAN AGRO TECH INDIA PRIVATE LIMITED (hereinafter called “NAI”) was established in Haryana, India.

The establishment of NAI enables us to strengthen the relationship with local partners and to attain more local-orientated marketing and development capabilities in India where the significant market growth is expected.

Nissan Chemical aims further expansion of its crop protection businesses.
