The corporate governance of Nissan Chemical Corporation (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Attributes and Other Basic Information

1. Basic Views

Under the business model of “Future-Creating Enterprise that responds to social needs with unique, innovative technologies,” the Company is making concerted efforts to achieve sustainable growth and increase in the Company’s corporate value over the medium to long-term, with the aim of establishing the Company as “a corporate group that contributes to human survival and development” trusted among all its stakeholders.

As part of these activities, with the understanding of corporate governance as “the system for sound and efficient management to achieve sustainable and medium to long-term profit for our stakeholders,” the Company is working to accelerate management decision-making and clarify management and business execution responsibilities. Also, through a Board of Directors and Audit & Supervisory Board (Board of Corporate Auditors) including highly independent Outside Directors and Corporate Auditors (collectively, “Outside Officers”), we are promoting the strengthening of our management monitoring function, compliance, risk management and internal control system.

[Reasons for Non-compliance with the Principles of Japan’s Corporate Governance Code] [Updated]

[Supplementary Principle 4.1.3 Oversight of Succession Planning for Chief Executive Officer (CEO), Etc.]

The succession plan for the CEO, etc. shall be the responsibility of the Representative Director. The Board of Directors shall oversee the implementation of the succession planning in the course of discussing candidates for Directors including the CEO.

[Supplementary Principle 4.10.1 Involvement and Advice from Independent Outside Directions through the Establishment of Independent Advisory Committees]

Before the Board of Directors decides on the appointment or dismissal of Directors and nomination of candidates for Directors, the independent Outside Directors receive an explanation so that they can give appropriate advice. Going forward, the Company will consider the establishment of discretionary committees comprising mainly independent Outside Directors who will discuss the appointment or dismissal of Directors, nomination of candidates for Directors, and remuneration of Directors in order to strengthen the independence, objectivity, and accountability of the Board of Directors function.

[Disclosure Based on the Principles of Japan’s Corporate Governance Code] [Updated]

=====

The Company has made the following updates.

- [Principle 1.4 Strategic Shareholdings]

- [Principle 2.3 Sustainability Issues, Including Social and Environmental Matters]
- [Principle 2.4 Ensuring Diversity, Including Active Participation of Women]
- [Principle 2.6 Roles of Corporate Pension Funds as Asset Owners]
- [Principle 3.1 Information Disclosure]
- [Supplementary Principle 4.11.1 View on the Appropriate Balance between Knowledge, Experience and Skills of the Board as a Whole, and on Diversity and Appropriate Board Size]

=====

[Principle 1.3 Basic Strategy for Capital Policy]

To achieve sustainable growth and increase corporate value over the medium to long-term, the Company will invest aggressively, particularly in research and development that should drive the achievement of these goals, in line with the six-year medium-term business plan “Vista 2021” launched in fiscal year 2016. In addition, the Company regards ROE as a topmost management priority and strives to increase shareholder value over the medium to long-term.

Regarding the return of profits to shareholders, the Company aims to gradually increase the dividend payout ratio, targeting 40% in fiscal year 2018 and maintain a total return ratio of 70%.

[Principle 1.4 Strategic Shareholdings]

The Company has established the following items regarding strategic shareholdings.

(1) Policy on strategic shareholdings

Each year, the Board of Directors comprehensively discusses the Company’s strategic shareholdings, including aspects such as the necessity of maintaining or enhancing transactional and other relationships with the investee company, whether the benefit of holding the shares is commensurate with the capital cost, and whether such holdings will contribute to increases in the Company’s corporate value over the medium to long-term. If no rationality for holding the shares can be confirmed, then the shares are sold, while also giving consideration to the impact on the market and other pertinent matters.

(2) Policy on the exercise of voting rights on strategic shareholdings

Before exercising its voting rights, the Company comprehensively determines whether it approves or rejects each of the proposals, giving adequate weight to the management policies, strategies, and other aspects of the investee company and confirming such factors as whether the proposals would comply with the Company’s holding policy and whether they would contribute to increasing the investee company’s corporate value over the medium to long-term and its shareholder returns.

[Principle 1.7 Related Party Transactions]

To ensure against harming the interests of the Company or the common interests of its shareholders, when conducting transactions with officers or other related parties, the Company investigates details of each transaction and complies with the appropriate procedures in accordance with laws and regulations and the Company’s internal rules and regulations, among others, to take an appropriate response. Important transactions, including competitive transactions and conflict-of-interest transactions by Directors, must be approved in advance by the Board of Directors and reported after they occur. As the Company has no major shareholder (a shareholder with 10% or more of voting rights), no procedures for transactions with major shareholders have been established.

[Principle 2.1 Business Principles as the Foundation of Corporate Value Creation over the Medium to Long Term]

The Company’s mission statement (Our Values), corporate philosophy (Raison d’etre) and corporate vision are as follows.

Mission Statement (Our Values)

“Contribute to the society with our excellent technologies and products”
“Join forces in always developing new fields to support prosperity and social welfare”
“Respect those who are full of inventiveness and zeal with a sense of responsibility”

Corporate Philosophy (Raison d’etre):

“Contribute to the society in harmony with the environment based on our excellent technologies, products, and services”

Corporate Vision:

“A corporate group that contributes to human survival and development”

[Principle 2.2 Code of Conduct]

The Company’s Code of Conduct (basic CSR policy) is as follows.

- (1) Conduct sensible business activities as a member of the international community in compliance with laws and regulations.
- (2) Enhance corporate value by providing safe and useful products and services.
- (3) Strive proactively to eliminate accidents and disasters and protect the global environment.
- (4) Disclose information appropriately with a focus on dialogue with stakeholders.
- (5) Create a cheerful and pleasant place to work by respecting the individuality and personality of employees.
- (6) Conduct ourselves as a good corporate citizen and a respected member of society.

[Principle 2.3 Sustainability Issues, Including Social and Environmental Matters]

Under the “basic CSR policy,” the Company has established the CSR Committee, the Risk Management & Compliance Committee, and the Environment, Safety & Quality Assurance Committee. The committees deliberate the summary of each fiscal year’s activities and the activity plan for the following fiscal year, and act in accordance with the plan decided by resolution of the Board of Directors. The Company is strengthening its promotion of CSR activities by steadily implementing this PDCA cycle in coordination with each committee.

Moreover, having determined that “strengthening corporate governance, risk management, and compliance” is the most important priority for ensuring corporate continuity, the Company has identified 19 material issues broadly grouped under the categories of “providing people with new value that will help to enrich their lifestyles,” “strengthening the Company’s business foundation,” and “continuously strengthening responsible care activities.” Furthermore, the Company will leverage its strengths in personnel, R&D capabilities, and financial foundation, to develop its activities in the four business domains of “Information and Communication,” “Life Sciences,” “Environment & Energy,” and “Chemicals & Affiliates,” and present a value creation process in which the Company grows sustainably with society by promoting initiatives for its material issues.

Details of the Company’s CSR management are provided on the Company’s website:

https://www.nissanchem.co.jp/eng/csr_info/index.html

[Principle 2.4 Ensuring Diversity, Including Active Participation of Women]

With regard to recruitment of women, the Company has set the target of increasing the ratio of female professional staff from 7% in fiscal year 2015 to 10% by the end of fiscal year 2020. Specifically, the Company is working to achieve a 30% ratio for female professional staff recruitment among new graduates and will expand the range of positions for women in each department of the Company. The Company is striving to double the number of women in management positions by fiscal year 2020 compared to fiscal year 2015. In addition, as a result of proactive efforts to recruit foreign students in Japan, three foreign students joined the Company in April 2018.

[Principle 2.5 Whistleblowing]

The Company has established a whistle blowing system, which allows employees and other personnel to report openly or anonymously to the Risk Management & Compliance Office, outside attorneys, or the Outside Corporate Auditors. Corporate Auditors shall be notified about such a report whenever it has thus been

received. The Board of Directors regularly receives reports on the operation of the whistle blowing system from the Risk Management & Compliance Office to monitor the proper operation of the system.

Furthermore, the Company does not subject whistle-blowers to disadvantageous treatment in relation to the reporting. Moreover, in cases where the whistle-blower has been committing violation of compliance, he/she is not pardoned due to making a report, but the Chief Risk Management Officer (CRO) may give special dispensation for the Company to act leniently or pardon the whistleblower if he/she assists in the early discovery, investigation and resolution of the problem. The Company promotes thorough understanding to that effect within the Company.

[Principle 2.6 Roles of Corporate Pension Funds as Asset Owners]

To ensure that the Company's corporate pension fund can stably pay pensions to its beneficiaries into the future, the Company has set a ration for strategic asset composition from a medium to long-term perspective after obtaining opinions from outside specialists. Furthermore, the Company has formulated a basic policy aimed at stable and efficient management of the corporate pension fund, and this policy is presented to institutions entrusted with fund management, and their management performance is monitored constantly. Furthermore, the Company has built a structure under which an Asset Management Committee, comprised of appropriately qualified personnel such as the Directors in charge and Heads, etc., of the Finance & Accounting Department and the Personnel Department, can confirm the sound management status of pension funds, including whether such annual fund management performance and management of conflicts of interest are properly operated, from the perspective of protecting beneficiaries.

[Principle 3.1 Information Disclosure]

i) The Company's business strategies and business plans

In our six-year medium-term business plan "Vista 2021," which started in April 2016, we define our vision of 2021 as "Information & Communication and Life Sciences are the driving forces for growth, while Chemicals & Affiliates has achieved a stable profit" and "Establish a foundation of Environment & Energy and a position as a promising chemical manufacturer that keeps moving forward with a strong presence." In Stage I, the first three years (from fiscal year 2016 to fiscal year 2018), we set "Maximizing the profit from existing products," "Improving marketing power" and "Enhancing R&D capability" as basic strategies and are now working on to achieve following numerical targets.

Numerical targets for fiscal year 2018 (the final year of Stage I)

- ◆ Net Sales
 - 217.0 billion yen
- ◆ Operating income
 - 35.0 billion yen
- ◆ ROE (return on equity)
 - 14% or more (Results for fiscal year 2017 - 16.1%)
- ◆ Operating margin
 - 15% or more (Results for fiscal year 2017 - 18.1%)
- ◆ Return of profits to shareholders
 - Dividend payout ratio of 40%. This is to be gradually increased. (Results for fiscal year 2017 - 37.7%)
 - Maintain total payout ratio at 70% (Results for fiscal year 2017 - 71%)

Details of Vista 2021 are provided on the Company's website:

https://www.nissanchem.co.jp/eng/news_release/release/en2016_05_12d.pdf

ii) Basic views and guidelines on corporate governance

<Basic views on corporate governance>

Adopting new business model called "Future-Creating Enterprise that responds to social needs with unique, innovative technologies," the Company is making concerted efforts to achieve sustainable growth and increase in the Company's corporate value over the medium to long-term with the aim of establishing the Company as "a corporate group that contributes to human survival and development" and as trusted by all stakeholders.

As part of these activities, with the understanding of corporate governance as “the system for sound and efficient management to achieve sustainable and the medium to long-term profit for our stakeholders,” the Company is working to accelerate management decision-making and clarify management and business execution responsibilities. Also, through a Board of Directors and Audit & Supervisory Board (Board of Corporate Auditors) including highly independent Outside Officers, we are promoting the strengthening of our management monitoring function, compliance, risk management and internal control system.

<Basic guidelines on corporate governance>

The Company’s basic guidelines on corporate governance are as follows.

(1) Securing the rights and equal treatment of shareholders

The Company acts lawfully and appropriately in accordance with laws and regulations and creates and maintains the necessary environments to substantially secure the rights and equal treatment of shareholders.

(2) Appropriate cooperation with stakeholders other than shareholders

The Company endeavors to cooperate appropriately with stakeholders to ensure the Group’s sustainable growth and increase corporate value over the medium to long-term.

(3) Ensuring appropriate information disclosure and transparency

The Company works to appropriately disclose and provide highly useful information including financial information and non-financial information such as management strategies and issues, and matters related to risk, governance and social and environmental issues based on laws and regulations or as appropriate and necessary.

(4) Responsibilities of the Board of Directors

Given its fiduciary responsibility and accountability to shareholders, in order to promote the Group’s sustainable growth, increase corporate value over the medium to long-term and enhance, among others, earnings power and capital efficiency, the Board of Directors appropriately fulfills its roles and responsibilities, including those described below.

- Keeping in mind the Group’s corporate vision of being “a corporate group that contributes to human survival and development,” the Board of Directors works to formulate and implement strategies for achieving sustainable growth and increasing corporate value over the medium to long-term.
- Through the establishment of systems, including the internal control system and the risk management system, the Board of Directors appropriately supports the taking of risks by the management.
- By clarifying the swift management decision-making and oversight function and the execution function, the Board of Directors strives to strengthen both functions.
- Multiple Outside Directors and Outside Corporate Auditors are appointed to monitor and oversee management from an outside perspective and provide additional third-party knowledge, thereby further enhancing management transparency, soundness and objectivity.

(5) Dialogue with shareholders

The Company puts all its energies into being a corporate group that contributes to human survival and development and is trusted among all its stakeholders, with the aim of achieving the Group’s sustainable growth and increasing corporate value over the medium to long-term. As part of these initiatives, the Company places value on the dialogue with stakeholders including shareholders and discloses information appropriately.

iii) Board of Directors policies and procedures in determining the remuneration of Directors

In determining the remuneration of Directors, the Board of Directors’ fundamental principle is to maintain a system of remuneration that is in line with management policy by ensuring that Directors contribute to increasing operating performance on a continuing basis over the medium to long-term and toward increasing the overall value of the Group, thereby meeting shareholder expectations. At the same time, the Board of Directors’ basic policy is to set remuneration at an appropriate level, taking into account such factors as the management environment, operating performance and consistency with the treatment of employees.

Director remuneration is determined within the total amount determined by resolution of the general meeting of shareholders by Board of Directors resolution at meetings also attended by Outside Directors.

iv) Board of Directors' policies and procedures in the appointment or dismissal of senior management and nomination of Director and Corporate Auditor candidates

(Policies and procedures in the appointment or dismissal of senior management)

For senior management, appointments emphasize experience and ability to demonstrate strong leadership and rapid, appropriate execution of the Company's management strategy and management plans, as well as personnel with outstanding personal qualities and insight.

If the senior management is considered not to be performing its function adequately based on an evaluation of the Company's performance and so forth, or if the senior management has committed misconduct or serious breach of laws and regulations or the Articles of Incorporation in execution of its duties, or if any other reason arises that is recognized as impeding appropriate execution of its duties, the senior management may be dismissed after deliberation by the Board of Directors.

(Policies and procedures in the nomination of Director and Corporate Auditor candidates)

With regard to Director candidates, given that the Company is developing its business globally in diverse fields that include chemicals, performance materials, agricultural chemicals and pharmaceuticals, the Board of Directors takes into consideration the balance and diversity of the overall Board of Directors in terms of knowledge, experience, skills, etc. in order to ensure appropriate and expeditious decision-making and executional oversight with respect to these business activities. For Internal Directors, the Board of Directors nominates candidates with, in particular, specialized capabilities and knowledge in its individual business areas, corporate planning, personnel, finance and accounting, research and development, production technologies, and environmental safety and quality assurance, among others. For Outside Directors, the Board of Directors nominates candidates who will proactively voice opinions related to the Company's growth strategy, the enhancement of governance and other areas from the perspective of diverse stakeholders and society, as well as who will raise questions and offer advice. Regarding Corporate Auditors, the Board of Directors nominates candidates who offer broad-ranging experience and insight focused on specialized areas including finance, accounting, and legal affairs, and who will audit business execution and offer opinions and advice to management from a fair and neutral standpoint.

Nominations of Director candidates and Corporate Auditor candidates are explained in advance to the independent Outside Directors. Then, after receiving appropriate advice from the independent Outside Directors, the Board of Directors passes a resolution. The candidates are then proposed at the general meeting of shareholders. Nominations of Corporate Auditor candidates are approved by the Audit & Supervisory Board (Board of Corporate Auditors) in advance.

v) Explanation of individual appointment or dismissal and nominations when Board of Directors appoints or dismisses senior management and nominates Director candidates and Corporate Auditor candidates in accordance with iv) above

Nominations of Director candidates and Corporate Auditor candidates are disclosed in the reference documents to the notice of the convocation of the ordinary general meeting of shareholders. Please refer to the following:

Reference documents to the Notice of the Convocation of the 148th Ordinary General Meeting of Shareholders (https://www.nissanchem.co.jp/eng/news_release/release/en2018_05_25.pdf)

Information regarding the appointment or dismissal of senior management is disclosed appropriately on the Company's website.

[Supplementary Principle 4.1.1 Summary of the Scope of Delegation by the Board of Directors to the Management]

The Company has introduced a system of executive officers. By clarifying the management decision-making and oversight function and the execution function, we work to strengthen both functions and enhance our capacity to establish and implement our management strategies. Based on this policy, the Board of Directors makes decisions on important matters related to management. Specific agenda criteria are in accordance with the Board of Directors Rules, which set standards for monetary amounts, etc., taking into account the scale of

the Company's business and others, and clarify the scope for decisions for the Board of Directors to make itself. In accordance with internal rules and regulations and within the scope permitted by laws and regulations and the Articles of Incorporation, the Board of Directors delegates to the Management Meeting and other bodies decisions corresponding to items not to be determined by the Board of Directors in line with the Board of Directors Rules depending on the importance of the items.

[Principle 4.9 Independence Standards and Qualification for Independent Outside Directors]

The Company's independence standards for Outside Officers are as follows.

The Company's independent Outside Officers (Directors and Corporate Auditors) and independent Outside Officer candidates fulfill the Companies Act's requirements for Outside Officers, as well as the following independence standards.

- (1) Not being an executive (a person who executes business; hereinafter, the same) of the Company or its subsidiaries, nor having been an executive of the Company or its subsidiaries for the past 10 years (if however, a non-executive director or corporate auditor of the Company or its subsidiaries at some point in the past 10 years, the 10 years prior to being appointed to that role)
- (2) Not being one of the Company's major shareholders (a shareholder with 10% or more of voting rights) or an executive thereof
- (3) Not being an executive of a corporation of which the Company is a major shareholder (a shareholder with 10% or more of voting rights)
- (4) Not being a major client or supplier (a client or supplier from whom the value of average payments for transactions to the Company or its subsidiaries over the past 3 fiscal years exceeds 2% of the average annual consolidated net sales of the Company over the past 3 fiscal years) of the Company or its subsidiaries or an executive thereof
- (5) Not being a party whose major client or supplier is the Company or its subsidiaries (a party to whom the value of average payments for transactions by the Company or its subsidiaries over the past 3 fiscal years exceeds 2% of the average annual consolidated net sales of that party over the past 3 fiscal years), or an executive thereof
- (6) Not being an executive of a major financial institution with which the Company has borrowings (a financial institution from whom the average amount of the Company's consolidated fiscal-year-end balance of borrowings over the past 3 fiscal years exceeds 2% of the Company's average annual consolidated fiscal-year-end total assets over the past 3 fiscal years) nor having been an executive thereof for the past 3 years
- (7) Not being an attorney, certified public accountant, certified public tax accountant, other consultant, researcher or educator in receipt from the Company of a large amount of monetary consideration or other property (an average annual amount over the past 3 fiscal years of over ¥10 million for individuals or, in the event the recipient is a corporation or other organization that said individual is affiliated with or retained by, of an amount in excess of 2% of that organization's average annual total revenues over the past 3 fiscal years) other than Director or Corporate Auditor remuneration
- (8) Not being a close relative (spouse, person within the second degree of kinship or relative living together) of an executive (limited to key personnel) of the Company or its subsidiaries
- (9) In addition to items (1) through (8) above, being such person as the Board of Directors determines to be a person whose independence as an independent Outside Officer is unquestionable and for whom there is no rationally determined risk of a conflict of interest with the general shareholders of the Company.

[Supplementary Principle 4.11.1 View on the Appropriate Balance between Knowledge, Experience and Skills of the Board as a Whole, and on Diversity and Appropriate Board Size]

By clarifying the swift management decision-making and oversight function and the execution function, we work to strengthen both functions and enhance our capacity to establish and implement our management strategies. Achieving this objective requires ensuring substantial deliberation by the Board of Directors. In addition, given that the Company is developing its business globally in diverse fields that include chemicals, performance materials, agricultural chemicals and pharmaceuticals, the balance and diversity, including aspects of gender and nationality, of the overall Board of Directors must be secured in terms of knowledge, experience, skills, etc. in order to ensure appropriate and expeditious decision-making and executional oversight with respect to these business activities. For these reasons, the Company's Board of Directors is composed of 12 or fewer Directors, including multiple Outside Directors, who are well-versed in the management of the diverse

fields in which the Company is involved or who have diverse experience, etc., including specialized capabilities and knowledge, in administrative management or other areas.

The Company's Board of Directors is currently composed of eight Directors (including two independent Outside Directors). The Board of Directors is composed with a rich diversity of members who have abundant knowledge, experience, and skills in international business development, and Company considers that the Board of Directors is functioning adequately and effectively.

[Supplementary Principle 4.11.2 Status of Concurrent Appointments of Directors or Corporate Auditors at Other Listed Companies]

Status of concurrent appointments of the Company's Directors and Corporate Auditors at other listed companies is as follows.

- Outside Director, Tadashi Ohe

Outside Corporate Auditor of Canon Inc., Outside Corporate Auditor of Marui Group Co., Ltd., Outside Director of JECO Co., Ltd.

[Supplementary Principle 4.11.3 Analysis and Evaluation of the Board of Directors' Effectiveness as a Whole]

(1) Viewpoints and methods of analysis and evaluation

The Company believes that the primary roles and responsibilities of the Company's Board of Directors are defined as: (1) establishing a strategy for achieving sustainable growth and increasing the Company's corporate value over the medium to long-term, and facilitating the execution of the foregoing; (2) providing appropriate support for risk-taking by the management by developing an enhanced internal control system and other systems; (3) strengthening the swift management decision-making and oversight function and the execution function through clarification of both functions; and (4) further enhancing management transparency, soundness and objectivity through, among other efforts, appointment of Outside Officers who monitor and oversee the management from external viewpoints, and the Company performs analysis and evaluation (the "Effectiveness Evaluation") every year to see if the Board of Directors has fulfilled these roles and responsibilities.

The Company has decided to carry out a third-party evaluation every several years using an external organization that holds no relationships of interest with the Company in order to ensure the neutrality and objectivity of the party conducting the evaluation of the effectiveness of the Board of Directors. For the Effectiveness Evaluation in fiscal year 2017, the Company obtained the cooperation of an external organization to create a questionnaire for the Directors and Corporate Auditors, conducted analysis of the responses, and then performed individual interviews of every Director and Corporate Auditor.

(2) Outline of the results of effectiveness evaluation for fiscal year 2017

Based on the questionnaire by the external organization and a report on the results of the individual interviews, an opinion-exchange meeting was held in March 2018 (with all Independent Officers (2 Outside Directors and 1 Outside Corporate Auditor), the President, the Vice President, the Director and Head of Corporate Planning Department, and the external organization) for analysis and evaluation. The results of the analysis and the evaluation were discussed and confirmed at the Board of Directors held in May 2018. The outline of the results is as follows:

As a result of the Effectiveness Evaluation for fiscal year 2017, it was concluded that the composition, management, and deliberations of the Company's Board of Directors were generally appropriate, and that the effectiveness of the Board of Directors was ensured as improvement measures were taken based on the result of the Effectiveness Evaluation for fiscal year 2016. With regard to the points in (3) below, however, the Company has identified issues to be addressed, and the level of improvement will be checked when an Effectiveness Evaluation is conducted in fiscal year 2018 or later, and improvement measures will be taken as necessary.

(3) Points of future improvement

- For management plans, the policy on formulation will be explained to the Outside Directors and their opinions will be solicited. The Outside Directors will participate in the intensive discussions regarding plan

formulation and will be given a strategic orientation for the medium to long-term by all members of the Board of Directors.

- In the process of executing management strategy and management plans, the Outside Directors and Corporate Auditors will also participate in the fiscal-year and half-year budget discussion, which had previously been conducted only by internal corporate officers, to enable important decisions on business execution to be conducted more appropriately.

- The materials required for the Board of Directors deliberations will be enhanced by adding further information about risk preparations and the negative side.

- The Company will make an effort to share information about the content of discussion in the Management Meeting with the Outside Directors and Corporate Auditors. In addition, the presenters at the Board of Directors meetings will give explanations that include the discussion at the Management Meeting to improve the efficiency and vitality of the discussions by the Board of Directors.

- With regard to the composition of the Board of Directors, the Company will give consideration to balance and diversity, including the appointment of outside personnel with abundant experience of corporate management, as well as female directors, and will discuss a composition of three Outside Directors, so that the ratio of Outside Directors becomes one third.

- With regard to the succession planning, the Company will give consideration to establish a discretionary nomination committee and set up an opportunity to explain and discuss the medium to long-term plan for nurturing top management, including not only the successor for the CEO, but also candidates for Directors and Executive Officers.

[Supplementary Principle 4.14.2 Training Policy for Directors and Corporate Auditors]

To enable its Directors and Corporate Auditors to appropriately fulfill their roles and responsibilities, at the time of their appointment the Company provides Directors with training conducted by outside specialists concerning matters with which they must comply as officers such as the legal obligations and responsibilities. In addition, following their appointment the Company conducts training necessary for Directors and Corporate Auditors to appropriately fulfill their roles and responsibilities and provides them with opportunities for training, etc. The Company provides and arranges such opportunities on an ongoing basis. Specifically, the Company provided training in November and December 2017 conducted by outside specialists, focused on the topic of corporate governance.

Furthermore, for Outside Officers, the Company provides them with explanations about its businesses and organizations at the time of their appointment, and afterwards as well provides them with necessary information as needed about its business issues and other aspects to enhance their understanding of the Group's management strategies, business content, status of operations, etc. The Company also provides them with opportunities to participate in visits to factories, research laboratories and other facilities, as well as with opportunities to participate in internal meetings, etc.

[Principle 5.1 Policy for Constructive Dialogue with Shareholders]

The Company puts all its energies into being a corporate group that contributes to human survival and development and is trusted among all its stakeholders, with the aim of achieving its sustainable growth and increasing corporate value over the medium to long-term. As part of these initiatives, the Company places value on the dialogue with stakeholders including shareholders and discloses information appropriately.

Other policies related to the creation of systems and initiatives to promote constructive dialogue with shareholders are described below.

- (1) Appointment of a member of management or a Director who is responsible for overseeing general dialogue and ensuring that constructive dialogue with shareholders takes place

The Company has in place a CFO, a Director in charge of Finance & Accounting Department (Director and Senior Executive Vice President), and a department in charge of IR (Finance & Accounting Department) in order to oversee general dialogue with shareholders and institutional investors and engage in constructive dialogue.

- (2) Measures to ensure positive cooperation between internal departments such as IR, corporate planning, general affairs, corporate finance, accounting and legal affairs with the aim of supporting dialogue

The Company has a department in charge of IR (Finance & Accounting Department), a department in charge of Shareholder Relations (Corporate Planning Department) and a department in charge of CSR and Public Relations (Corporate Planning Department) to cooperate with each other and endeavors to provide timely disclosure and other information in an appropriate manner for purposes of promoting constructive dialogue with shareholders and institutional investors, and providing information required for investment decisions in a timely, fair, equitable and ongoing manner.

- (3) Measures to promote opportunities for dialogue aside from individual meetings (e.g., general investor meetings and other IR activities)

In Japan, the President & CEO conducts briefings on business plans and the CFO, the Director in charge of Finance & Accounting Department (Director and Senior Executive Vice President) conduct briefings on fiscal yearly financial results and the second quarterly financial results. In addition, each year, the CFO, the Director in charge of Finance & Accounting Department (Director and Senior Executive Vice President) participates in conferences sponsored by securities companies in the United States, Europe, Asia and other regions, in an effort to engage directly in dialogue with overseas institutional investors.

Materials related to the above results briefings (including those in English) and audio files (including those in English) are posted on the Company's website and provided to shareholders.

- (4) Measures to appropriately and effectively relay shareholder views and concerns learned through dialogue to the senior management and the Board of Directors

Opinions, concerns and other feedback from shareholders and institutional investors picked up during dialogue with shareholders and institutional investors are regularly reported to the Board of Directors, etc. Such information is utilized for subsequent IR and SR policies and dialogue with shareholders and institutional investors.

- (5) Measures to control insider information when engaging in dialogue

The Company has internal rules and regulations (such as Insider Trading Management Rules) in place to prevent the communication of insider information when engaging in dialogue and endeavors to respond appropriately.

2. Capital Structure

| | |
|----------------------------|---------------------------|
| Foreign Shareholding Ratio | From 20% to less than 30% |

| Disclosure of Policy for Determining Remuneration Amounts or Calculation Methods Thereof |
|--|

In determining the remuneration of officers, the Company's fundamental principle is to maintain a system of remuneration that is in line with management policy by ensuring that officers contribute to increasing operating performance on a continuing basis over the medium to long-term and toward increasing the overall value of the Group, thereby meeting shareholder expectations. At the same time, the Company's basic policy is to set remuneration at an appropriate level, taking into account such factors as the management environment, operating performance and consistency with the treatment of employees. Remuneration amounts for individual Directors are determined by resolution of the Board of Directors. Remuneration amounts for individual Corporate Auditors are determined through discussion among the Corporate Auditors.

[Supporting System for Outside Directors and/or Corporate Auditors]

1. Supporting system for Outside Directors (two Outside Directors)

- Outside Directors attend Board of Directors and other meetings, offer suitable advice on management policy and improving management, as well as other areas. They also maintain cooperation with the Corporate Auditors, etc. and oversee management.
- The Corporate Planning Department and other departments provide prior explanations on the content of proposals on the agenda for Board of Directors meetings and serve as the contact point for inquiries.

2. Supporting system for Outside Corporate Auditors (three Outside Corporate Auditors)

- If requested by the Corporate Auditors to facilitate the efficient and smooth execution of their duties, employees may be assigned as an assistant to Corporate Auditors. These employees perform such tasks as assisting with audits and gathering and communicating information.

- Two of the Outside Corporate Auditors are full-time Corporate Auditors. They alternate with the Internal Corporate Auditor (full-time) in attending Management Meeting, CSR Committee, and Risk Management & Compliance Committee and other meetings, receive reports on Management Meeting and other important items from a management perspective, and receive other communications at the same level as the Internal Corporate Auditor.
- An assistant to Corporate Auditors provides prior explanations to the Outside Corporate Auditor on the content of proposals on the agenda for Board of Directors meetings and other related matters and serves as the contact point for inquiries.
- The three Outside Corporate Auditors attend Board of Directors and other meetings, offer suitable advice on management policy, improving management and other areas, and oversee management.

| There are no individuals who previously served as Representative Director and President or the like in the past who are currently serving in another position such as a Corporate Consultant (<i>Sodanyaku</i>) or a Corporate Advisor. |
| Under the Articles of Incorporation of the Company, the Company may appoint one or more Corporate Consultants (<i>Sodanyaku</i>) by resolution of the Board of Directors. |

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System) [Updated]

(1) Overview of current corporate governance system

1. Business execution and oversight

By clarifying the swift management decision-making and oversight function and the execution function, the Company strives to strengthen both functions. The Company also endeavors to enhance its capacity to establish and implement its management strategies. Furthermore, by setting the terms of office for Directors and Executive Officers at one year, the Company clarifies management responsibility and business execution responsibility.

2. Board of Directors

The Company's Board of Directors comprises eight members (two of whom are Outside Directors). In principle, the board meets once each month to resolve important matters related to management and oversee the execution of business by the Directors and Executive Officers. Important management-related matters are decided through careful deliberation by the Board of Directors or the Management Meeting. In this manner, the Company strives to reduce or eliminate business risks.

In addition, with the aim of enhancing oversight function of the Board of Directors, the Company reports matters resolved by the Management Meeting and results of business executions based on resolution by the Board of Directors, etc. to the Board of Directors. The Company further strives to ensure and improve

effectiveness in execution of roles and responsibilities of the Board of Directors by conducting the Effectiveness Evaluation on the overall Board of Directors every fiscal year.

3. Audit & Supervisory Board (Board of Corporate Auditors)

The Company's Audit & Supervisory Board (Board of Corporate Auditors) comprises four members (three of whom are Outside Corporate Auditors). The Corporate Auditors, based on the audit plan set by the Audit & Supervisory Board (Board of Corporate Auditors), audit the execution of business by Directors primarily by attending Board of Directors meetings and other important meetings, and regularly visiting each division of the headquarters and each business location and exchanging opinions. Notably, Messrs. Norihiro Suzuki and Shuichi Takemoto, both full-time Corporate Auditors, have extensive experience at financial institutions and considerable knowledge related to finance.

4. Accounting Audit

The Company has appointed the Yaesu Audit Company as its Accounting Auditor and undergoes appropriate audits throughout the fiscal year, as well as at the end of each fiscal year.

In fiscal year 2017, execution of the Company's audit activities was performed by three certified public accountants: Tsutomu Saito (ongoing audit involvement for two years), Taku Shirahama (three years) and Tatsuya Hirose (five years).

5. Internal Audit

The Company has established an Internal Audit Department and conducts internal audits targeting the Group from a fair and independent standpoint. The department reports the internal audit results to the President & CEO and to the Directors in charge, as well as to the Board of Directors. The department also shares information with the Corporate Auditors and coordinates with them, mainly through exchanges of opinion. A quality evaluation of the internal audits was conducted by an external organization in 2018, which evaluated the audits to be compliant overall.

6. Risk Management System and Compliance Promotion Structure

The Company has established the Risk Management & Compliance Committee as an organization to increase the effectiveness of risk management activities and promote maintenance and improvement of compliance. The Committee is chaired by the Chief Risk Management Officer (CRO), who is appointed by the Board of Directors. The Committee members are comprised of risk & compliance managers of each department, location, and domestic consolidated subsidiary, who are designated by the CRO.

Important matters, countermeasure plans, and other matters related to risk management and compliance promotion are discussed by the Committee before being decided by the Board of Directors. In fiscal year 2018, the Committee identified important risks for the Group, including its domestic consolidated subsidiaries.

(2) Status of initiatives for strengthening the function of Corporate Auditors

For information related to the strengthening of the function of Corporate Auditors, please refer to the sections entitled "Cooperation among Corporate Auditors, Accounting Auditor and Internal Audit Department," "Appointment of Outside Corporate Auditors" and "Supporting System for Outside Directors and/or Corporate Auditors."

3. Reasons for Adoption of Current Corporate Governance System

The Company is a company with an Audit & Supervisory Board (Board of Corporate Auditors). The Company has adopted the current system to enhance management efficiency and soundness.

The objective and neutral monitoring of management is functioning satisfactorily by audits which are performed by Outside Corporate Auditors (three, of whom two are full-time).

The Company also appoints two Outside Directors to monitor and oversee management from an outside perspective and provide additional third-party knowledge, thereby further enhancing management transparency, soundness and objectivity.

III. Implementation of Measures for Shareholders and Other Stakeholders

1. Measures to Vitalize the General Meeting of Shareholders and Smooth Exercise of Voting Rights [Updated]

| | Supplementary Explanations |
|---|--|
| Early Notification of General Meeting of Shareholders | <ul style="list-style-type: none"> To provide shareholders with ample time to consider the proposals, the Company has accelerated its sending of convocation notices. These notices were sent out on May 31, 2018, 27 days prior to the date of the 148th Ordinary General Meeting of Shareholders (June 27, 2018). Furthermore, the Company posted this convocation notice on its website (https://www.nissanchem.co.jp/eng/) on May 25, 33 days prior to the meeting date (June 27, 2018). |
| Scheduling General Meeting of Shareholders Avoiding the Peak Day | <p>To promote constructive dialogue with shareholders, the Company avoids holding its general meeting of shareholders on the peak day for general meetings of shareholders.</p> <p>The 148th Ordinary General Meeting of Shareholders was held on June 27, 2018.</p> |
| Allowing Electronic or Magnetic Exercise of Voting Rights | <p>The Company provides shareholders with an environment in which to exercise their voting rights over the Internet. This method of exercising voting rights and other information is provided in the convocation notice.</p> |
| Participation in Electronic Voting Platform and Other Efforts to Enhance the Voting Environment for Institutional Investors | <ul style="list-style-type: none"> The Company participates in the Electronic Voting Rights Exercise Platform for institutional investors operated by ICJ Inc. The convocation notice is posted on the Company's website (https://www.nissanchem.co.jp/eng/). |
| Providing Convocation Notice in English (Partly Translated) | <ul style="list-style-type: none"> An English-language convocation notice (summary) is posted on the Company's website (https://www.nissanchem.co.jp/eng/). |
| Other | <ul style="list-style-type: none"> For the convenience of shareholders, the Company posts its convocation notice, notice of resolutions and extraordinary report (voting results) on its website (https://www.nissanchem.co.jp/eng/). At the general meeting of shareholders, business reports and explanations of proposals are provided using video and audio to enhance shareholders' understanding. |

2. IR Activities [Updated]

| | Supplementary Explanations | Explanations by the Representative Himself /Herself |
|---|--|---|
| Preparation and Publication of Disclosure Policy | The content of the Company's disclosure policy is posted on the Company's website (https://www.nissanchem.co.jp/eng/). | |
| Investor Briefings for Individual Investors | The Company held an investor briefing for individual investors, which was given by the CFO, the Director in charge of the Finance & Accounting Department (Director and Senior Executive Vice President). The materials used in the briefing are posted on the Company's website (https://www.nissanchem.co.jp/eng/). To promote constructive dialogue with shareholders who attended the ordinary general meeting of shareholders, the Company holds an informal gathering for shareholders after the conclusion of its shareholder meeting. | None |
| Regular Investor Briefings for Analysts and Institutional Investors | Audio files and materials from briefings on the business plans given by the President & CEO, and briefings on the fiscal yearly financial results and the second quarterly financial results given by the CFO, the Director in charge of Finance & Accounting Department (Director and Senior Executive Vice President) are posted on the Company's website (https://www.nissanchem.co.jp/eng/). | Yes |
| Regular Investor Briefings for Overseas Investors | Each year, the CFO, the Director in charge of the Finance & Accounting Department (Director and Senior Executive Vice President) participates in conferences sponsored by securities companies in the United States, Europe, Asia and other regions, in an effort to provide explanations and exchange opinions directly with overseas investors. Audio files (with English translation) and materials (including English information) from the briefings on business plans, fiscal yearly financial results and the second quarterly financial results are posted on the Company website (https://www.nissanchem.co.jp/eng/). | None |
| Posting of IR Materials on Website | The following materials are posted on the Company's website (https://www.nissanchem.co.jp/eng/). *Corporate philosophy, corporate vision, basic CSR policy *Account settlement information (Summary of financial results, supplemental materials, securities report, etc.) *Timely disclosure materials other than account settlement information *Status of corporate governance (including the corporate governance report) *Notice of the convocation of the general meeting of shareholders, notice of resolutions, extraordinary reports *Shareholder newsletter (business report) *Business Plans *CSR (including Integrated Report) *Shareholders return (dividend policy), etc. | |

| | Supplementary Explanations | Explanations by the Representative Himself /Herself |
|--|--|---|
| Establishment of Department and/or Manager in Charge of IR | <ul style="list-style-type: none"> • To engage in constructive dialogue with shareholders and institutional investors, the Company has appointed a CFO, a Director in charge of the Finance & Accounting Department (Director and Senior Executive Vice President) and established a department in charge of IR (Finance & Accounting Department). • The Company has a department in charge of IR (Finance & Accounting Department), a department in charge of Shareholder Relations (Corporate Planning Department), and a department in charge of CSR and Public Relations (Corporate Planning Department) to cooperate with each other and endeavors to provide timely disclosure and others in an appropriate manner for purposes of promoting constructive dialogue with shareholders and institutional investors, and providing information required for investment decisions in a timely, fair, equitable and ongoing manner. | |
| Other | <ul style="list-style-type: none"> • Opinions and concerns from shareholders and institutional investors picked up during dialogue with shareholders and institutional investors are regularly reported to the Board of Directors, etc. • With regard to dialogue with shareholders and institutional investors, the Company has internal rules and regulations (such as Insider Trading Management Rules) in place, through which it endeavors to respond appropriately. • The Company regularly conducts shareholder identification surveys and endeavors to determine its shareholder composition and analyze voting results. The Company utilizes such information in subsequent dialogue with shareholders and institutional investors. | |

3. Measures to Ensure Due Respect for Stakeholders [Updated]

| | Supplementary Explanations |
|--|---|
| Internal Rules etc. Stipulated for Respecting the Position of Stakeholders | <p>The Company defines the stakeholders as “customers, shareholders/investors, employees, communities/society, and business partners” and has decided the following basic CSR policy in order to respond to the expectations of all stakeholders and strengthen their confidence in us.</p> <ol style="list-style-type: none"> 1. Conduct sensible business activities as a member of the international community in compliance with laws and regulations. 2. Enhance corporate value by providing safe and useful products and services. 3. Strive proactively to eliminate accidents and disasters and protect the global environment. 4. Disclose information appropriately with a focus on dialogue with stakeholders. 5. Create a cheerful and pleasant place to work by respecting the individuality and personality of employees. 6. Conduct ourselves as a good corporate citizen and a respected member of society. |
| Implementation of Environmental Activities, CSR Activities, etc. | <p>The fundamental policy for the Company’s business activities is its corporate philosophy: “Contribute to the society in harmony with the environment, based on its excellent technologies, products and services,” and the Company believes that putting this philosophy into practice is its CSR activities. The CSR Committee, Risk Management & Compliance Committee, and Environment, Safety & Quality Assurance Committee cooperate to promote and enhance CSR activities.</p> <p>Furthermore, the Company has set out the “Responsible Care Basic Policies” to secure and continuously improve environment, health and safety (EHS) performance throughout the entire process, from the development of chemical substances to disposal. In addition, the Company established the “Nissan Chemical Biodiversity Action Guidelines” with the aim of strengthening environmental activities.</p> <p>Information including the details of the Company’s environmental and CSR activities is contained in the Integrated Report as well as other reports, and also posted on the Company’s website (https://www.nissanchem.co.jp/eng/).</p> |
| Formulation of Policies on Information Provision to Stakeholders | <p>The Company places value on the dialogue with stakeholders and discloses information appropriately based on its basic CSR policy and Disclosure Policy.</p> |
| Other | <p>The Company has established the “Basic Health Policy” with the aim of maintaining and improving the health of its employees based on the belief that employees’ health is a “foundation that supports sound corporate growth.” Information regarding the “Basic Health Policy” is posted on the Company’s website (https://www.nissanchem.co.jp/eng/).</p> <p>In recognition of the efforts in promoting employees’ health, the Company was chosen as a “Certified Health and Productivity Management Organization (the White 500)” for two consecutive years beginning in 2017. Furthermore, in addition to introducing various systems to support work-life balance including reduction of overtime work, promotion of taking annual leaves, and childcare leaves/short working hours that exceed the statutory standards, the Company has been taking action to address harassment in the workplace.</p> |

IV. Matters Related to the Internal Control System

1. Basic Views on Internal Control System and Progress of System Development

(1) Systems for ensuring compliance with laws and regulations and the Articles of Incorporation in the execution of duties by directors and employees of the Company and its subsidiaries

- The Company expedites management decision-making and clarifies management responsibility and business execution responsibility in accordance with the Board of Directors Rules and other relevant company rules (rules regarding company operations). At the same time, the Company will strengthen its management monitoring function, risk management system, compliance system, and internal control system under the Board of Directors and Audit & Supervisory Board (Board of Corporate Auditors), including highly independent Outside Officers.
- Under its basic CSR policy, the Company has established the CSR Committee, the Risk Management & Compliance Committee, and the Environment, Safety & Quality Assurance Committee, which coordinate with one another to make the necessary operational and other improvements to ensure the survival and sound development of the Company, and to secure the maximum trust possible from stakeholders.
- The Company has formulated the “Compliance Rules” for the Company and its subsidiaries, and ensures that its officers and employees comply with relevant laws, regulations, and company rules in their business activities and that they keep within social norms when conducting business activities.
- The Chief Risk Management Officer (CRO) is designated by the Board of Directors to oversee general compliance of the Company and its subsidiaries.
- The Company has in place a whistle-blowing system for routine compliance with laws and regulations.
- The Company maintains absolutely no relations with anti-social forces. In the event an inappropriate request is received, the Company cooperates with specialized external institutions and responds in a resolute manner.
- The Internal Audit Department audits the status of implementation and operation of internal controls, the objectives of which include compliance, from a fair and independent standpoint based on “Internal Audit Rules.”

(2) Systems for storing and managing information related to the execution of duties by Directors

- The Company stores and manages documents and other information related to the execution of duties by Directors in accordance with “Information Management Rules” and other internal rules and regulations.
- The Director in charge of the Corporate Planning Department is appointed as the Chief Information Officer (CIO), who oversees information management and overall protection of personal information and specified personal information.

(3) Rules and other systems related to managing the risk of losses to the Company and its subsidiaries

- The Company has formulated the “Risk Management Rules” for the Company and its subsidiaries, which serve to prevent the materialization of risks that could impede the achievement of business objectives and minimize the impact of those that materialize.
- The Chief Risk Management Officer (CRO) is appointed by the Board of Directors to oversee general risk management of the Company and its subsidiaries.
- The Company has established the “Nissan Chemical Group Crisis and Emergency Response Guidelines,” and when a crises or emergency situation arises, under the direction of the CRO the Company will strive to prevent the damage and the spread of impact and to recover quickly and continue operations.
- The Company’s “Business Continuity Plan (BCP) Formulation Guidelines” set out the basic points for formulating a BCP.
- The Company has formulated the “Responsible Care Management Rules” for the Company and its subsidiaries, and aims to ensure and improve environmental preservation, safety and disaster prevention, occupational safety and health, chemicals and product safety, and logistic safety in all of its business activities.

(4) Systems for ensuring the efficient execution of duties by directors of the Company and its subsidiaries

- The Company has introduced a system of executive officers to clarify the management decision-making and oversight function and the execution function, through which it works to strengthen both functions and enhance its capacity to establish and implement management strategies.
- Important management-related matters are decided by the Board of Directors and Management Meeting in accordance with the “Board of Directors Rules,” “Management Meeting Rules” and other internal rules and regulations.
- Executive Officers execute their duties based on decisions by the Board of Directors and the Management Meeting.
- The Board of Directors oversees the execution of business by the Directors and Executive Officers in relation to such matters as the state of progress on decisions on important matters. By appointing Outside Directors, the oversight function of the Board of Directors is strengthened.
- The “Affiliated Company Management Rules” provide for overall management policies related to subsidiaries and enhance management soundness for the corporate group.

(5) Systems for ensuring the appropriate operations of the corporate group comprising the Company and its subsidiaries

- Based on the “Affiliated Company Management Rules” and other internal rules and regulations, subsidiaries report to the Company on their execution of business. While respecting subsidiaries’ management independence, the Company provides advice and instruction as necessary to contribute to their sound execution of business.
- The Company’s Directors or employees may serve concurrently as directors or corporate auditors of subsidiaries in order to oversee and audit subsidiaries.
- The Company requires its subsidiaries to comply with its own internal control system and performs audits via the Internal Audit Department.

(6) Items related to the employees and items related to the independence of the employees from Directors in the event that Corporate Auditors request that employees be provided to assist them in their duties

- In line with Corporate Auditor requests, the Company provides employees to assist the Corporate Auditors in their duties. While these employees are assisting the Corporate Auditors in their duties, they do not receive instructions or commands from the Directors or their superiors. Also, to ensure the independence of these employees from the Directors and their superiors, matters related to the appointment of these employees to assist Corporate Auditors and decisions on their appointments and reassignments require the prior consent of the Audit & Supervisory Board (Board of Corporate Auditors).

(7) Systems for reporting to Corporate Auditors by directors and employees of the Company and its subsidiaries and other systems for reporting to Corporate Auditors

- The Corporate Auditors can attend meetings of the Board of Directors, CSR Committee, Risk Management & Compliance Committee, and other important meetings.
- Of the results of business execution based on decisions by the Board of Directors, Management Meeting and other meetings, matters of importance are reported to the Corporate Auditors by directors and employees of the Company and its subsidiaries. In addition, when they find the facts that violate laws and regulations in material respects or the facts that have the potential to cause severe damage to the Company, matters related to those facts are reported promptly to the Corporate Auditors.

(8) Other systems for ensuring effective audits by Corporate Auditors

To ensure effective audits by Corporate Auditors, the Corporate Auditors regularly exchange opinions with the Accounting Auditor, Directors, Internal Audit Department, corporate auditors of subsidiaries and other parties. In the event that the Corporate Auditors request the Company to make an advance payment, reimbursement payment or other type of payment on handling for expenses or liabilities as required in order for the Corporate Auditors to perform these duties, the Company bears the burden of paying such expenses or handling such liabilities.

2. Basic Views on Eliminating Anti-Social Forces and Progress of Related Efforts

In the basic CSR policy, the Company outlines compliance with laws and regulations and respect for social norms. At the same time, the Company has formulated a compliance manual in the interest of maintaining, enhancing and promoting compliance, and the directors and employees of the Company and its subsidiaries are universally acquainted with this manual. This manual expresses the Company's resolute response to anti-social forces and its position of maintaining absolutely no relationships with such forces.

To insulate itself from relationships with anti-social forces, the Company cooperates with specialized outside institutions through its response department, which is the department in charge of general affairs. This department puts systems in place and endeavors to gather and manage information related to anti-social forces.

V. Other

1. Adoption of Anti-Takeover Measures

| | |
|------------------------------------|------|
| Adoption of Anti-Takeover Measures | None |
|------------------------------------|------|

Supplementary Explanation

The Company has not adopted anti-takeover measures. In the case of an attempt to make a large-scale purchase of the Company's shares, the Company will strive to secure the necessary information and time for shareholders to consider, while disclosing the opinions of the Company's Board of Directors and taking appropriate measures in accordance with applicable laws and regulations. Going forward, the Company will strive to secure and increase corporate value and the mutual benefit of shareholders.

2. Other Matters Concerning Corporate Governance System [Updated]

The Company's basic CSR policy prioritizes dialogue with shareholders and stipulates the appropriate disclosure of corporate information. The person responsible for handling information, Head of Corporate Planning Department, is responsible for the timely disclosure of material facts and other corporate information as stipulated by the Tokyo Stock Exchange and handles information for timely disclosure as described below, in accordance with internal rules and regulations (such as Insider Trading Management Rules).

1. Information related to decisions and account settlement

Information related to decisions and account settlement is approved by the Board of Directors or the Management Meeting. The Corporate Planning Department is the secretariat for both bodies, so Head of Corporate Planning Department is in a position to ascertain such information quickly and accurately.

Following the approval of information related to decisions and account settlement, Head of Corporate Planning Department discloses this information without delay.

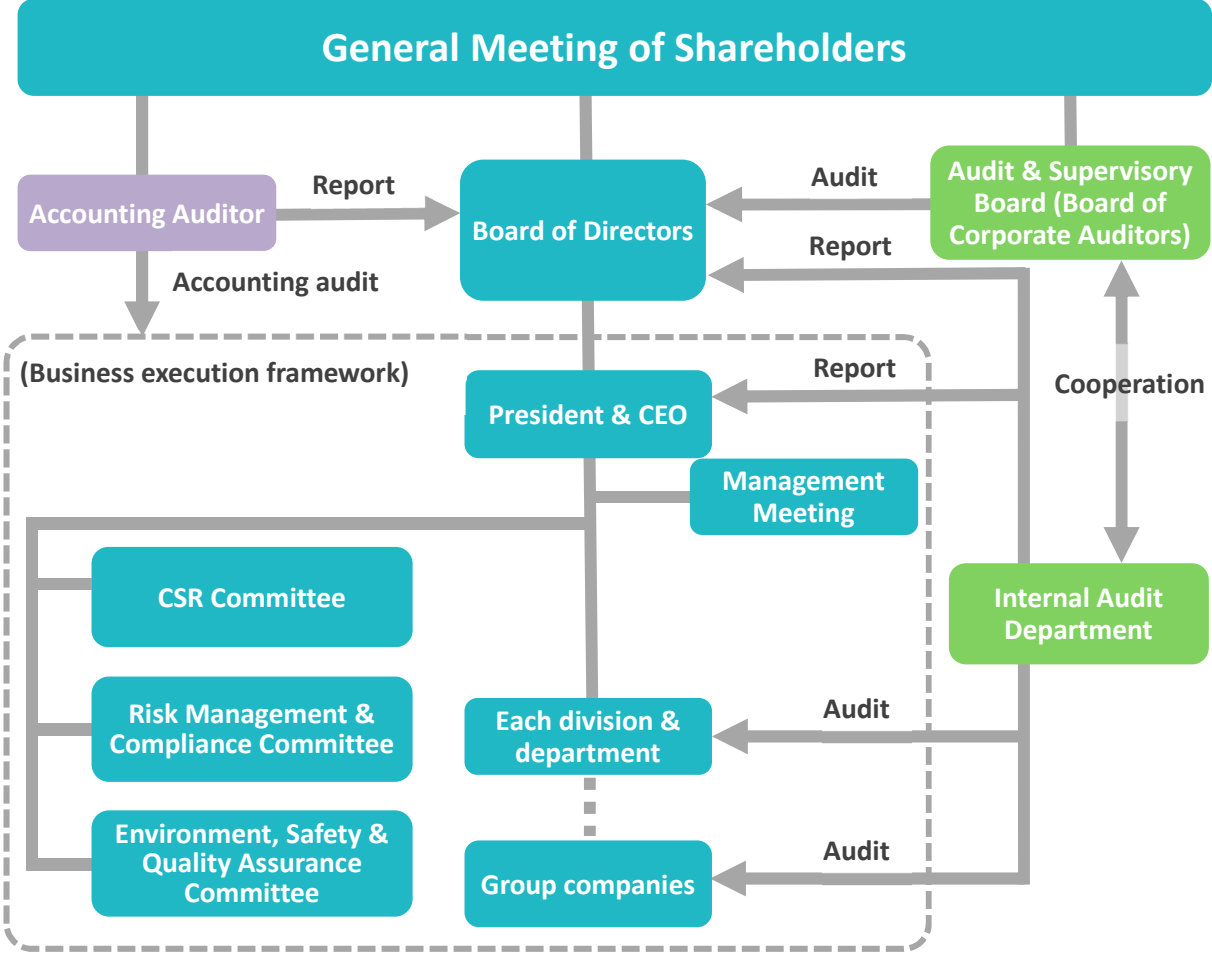

2. Information related to occurrences and subsidiaries

Information related to occurrences at the Company, and information related to decisions, occurrences, and account settlement for subsidiaries are reported promptly to Head of Corporate Planning Department by the heads of the Company's departments and subsidiaries

In the event Head of Corporate Planning Department determines that the gathered information should be disclosed based on the Tokyo Stock Exchange's timely disclosure regulations, while reporting this information to the President, he is to disclose it without delay.

The Company's disclosure policy is posted on the Company's website (<https://www.nissanchem.co.jp/eng/>).
